

## **Advertisement for JRF/SRF positions (02) in the area of Plant Microbe interactions**

Applications are invited for one JRF/ SRF position each in the area of Plant Microbe Interaction to work out the (i) Role of transcription factors during disease development by *Cucumber mosaic virus* and (ii) differential expression of apple genes during susceptible and resistant interaction with *Venturia inaequalis* (the scab pathogen) to understand its pathogenesis.

Candidates should have valid fellowship from CSIR, ICMR, or other organizations.

Suitable candidates will have the option to apply for PhD registration under Academy of Scientific and Innovative Research (AcSIR) at CSIR-IHBT.

Interested candidates with degree in MSc or M.Tech (Biotechnology, Life sciences, Biochemistry, Microbiology, Applied Botany, Virology or other related subjects) should send their application along with resume to Dr. Vipin Hallan ([hallan@ihbt.res.in](mailto:hallan@ihbt.res.in)), CSIR-IHBT, Palampur, H.P.
