

**CSIR-IHBT invites Expression of Interest (EQI)
For
Certified Reference Material**

The Chemical Technology Laboratory of CSIR-IHBT, Palampur is accredited under NABL as per ISO 17025:2017 and ISO 17034:2016. CSIR-IHBT has developed Seven Certified Reference Materials (Vitexin, Isovitexin, Dioscin, Protodioscin, Govanoside B, Govanoside D and Atisnium Chloride) under NABL accreditation in accordance with ISO 17034:2016. Our organization recognizes the significance of high-quality, traceable, and internationally compliant reference materials for ensuring analytical accuracy, method validation, quality assurance, and regulatory compliance in the analysis of medicinal plants, herbal products, phytopharmaceuticals, nutraceuticals, and natural product-based formulations.

Novelty:

1. Accurate identification and quantification of bioactive phytoconstituents.
2. Method development and validation using chromatographic and spectroscopic techniques.
3. Quality control of raw materials, extracts, and finished herbal products.
4. Compliance with national and international regulatory requirements.
5. Research and development activities in natural products, phytochemistry, and herbal drug standardization.
