CSIR-IHBT invites Expression of Interest (EOI)  
for

**“Botanical formulation for the control of aphids”**

CSIR-IHBT has developed a botanical formulation for the control of aphids under greenhouse and field conditions on crop plants. The botanical formulation should be applied/sprayed on crop plants as soon as the infestation (ETL) of aphid was observed. Two sprays of formulation (5-10 ml/L) to be given thoroughly on crop plants at weekly interval depending on infestation of aphid. The formulation is ecofriendly, no persistence, safer to honeybees and other natural enemies of pests.

Eoi is invited from interested industries/ SMI/ Progressive Entrepreneurs for transfer of the above stated technology.

Application should include details of company profile and marketing strategies. The selected parties shall be called for discussions. Interested parties may send their Expression of Interest, in a sealed cover superscripting “Expression of Interest” addressed to
